5 Packages 250g : Mondo - Deluxe - Organic - Regular - Original

Mondo:

Rich Aroma, Passionate Flavor.

Can a roasted coffee be more complex? We carefully roasted the beans at the exact moment of readiness – from only the highest quality Arabica beans to create a full flavor that's surprisingly unique. This coffee is the perfect melding of beans and roast, results in a graceful coffee with rich aroma, a passionate and enveloping flavor – Mondo is much more than you'd expected from the most premium product from Hello 5 Coffee.

Deluxe:

Bright Smell, Robust Flavor.

From over 1500 meters above the sea level at Buon Me Thuot, the capital of Dak Lak Province – also the biggest city in Central Highlands, we carefully select the highest quality Arabica and Robusta beans for making this blend – a blend so consistent and harmonious that no single

characteristic dominates – or disappears. A bright, natural smell of Arabica with a subtly rich, robust flavor of Robusta, Hello 5 Coffee Deluxe is the perfect coffee for every day.

Organic:

Deep Aroma, Intriguing Flavor.
Th?m ng?t ng?y, V? ??c bi?t.

Organic is made from the carefully selected Arabica and Peaberry beans – which come from Buon Me Thuot, a coffee-growing paradise of Vietnam. The volcanic soil of this land creates a unique coffee with a deep and chocolatey aroma, combined with a unique, intriguing flavor. Through a complex process from roasting to grinding, we make Hello 5 Coffee Organic Gift Set (including a premium Hello 5 Coffee aluminum filter for making Vietnamese coffee) to satisfy everyone's needs for an ideal coffee gift.

Regular:

Extraordinary Smoothness, Strong Flavor.

We carefully roasted this coffee from the highest quality Peaberry beans to create a strong flavor and extraordinary smoothness – suitable especially for the Vietnamese way of making coffee through an aluminum filter called "phin". With an incredibly strong taste, a high amount of caffeine and a deep smell, Hello 5 Coffee Regular is a celebration of everything we love about Vietnamese coffee.

Original:

Strong Aroma, Rich Taste.

Original is Hello 5 Coffee's espresso – with its rich taste and contains a high amount of caffeine. A cup of Original in the morning can give you enough energy and creativity for even the most stressful day. This coffee is carefully roasted to its perfection to create a bold flavor – with the right amount of bitterness combined with a strong aroma – it's everything you'd want from a Vietnamese Espresso.
